

Transitional Housing Guidelines and Expectations

Welcome to H.O.P.E. Recovery's Transitional Housing Program, a Christ-centered, clean and sober environment, specifically for men/women. Below you will find an explanation of what we expect of every resident of H.O.P.E. Recovery's Transitional Housing Program from a recovery and financial perspective. All of the guidelines listed below are for the protection of every resident individually and the "family" as a whole. We wish you the very best as you begin this new path on your journey forward.

1. Upon admission, you will review with the H.O.P.E. Recovery's Transitional Housing Program staff any discharge plans that have been designed for you by your previous treatment provider. It is your responsibility to follow that plan.
2. While a resident of H.O.P.E. Recovery's Transitional Housing Program you must be abstinent of any drugs, alcohol or mood and mind altering substances. If you have a question about what would fall into that category, it is your responsibility to ask the staff at H.O.P.E. Recovery's Transitional Housing Program.
3. If you relapse and choose to use one of the above, one of the following will take place:
 1. Referral to a detox program
 2. Referral to a residential treatment program
 3. Referral to outpatient treatment
 4. Termination from H.O.P.E. Recovery's Transitional Housing Program

If a person is referred to detox or residential treatment, H.O.P.E. Recovery's Transitional Housing Program reserves the right whether or not to readmit them. That will be based upon their behaviors while a resident at H.O.P.E. Recovery's Transitional Housing Program and their progress in treatment. Lastly, it will be your responsibility to pay for the treatment recommended or any monies paid into this program will be forfeited. We will make every effort to refer you to a treatment modality that will accept your healthcare insurance (if applicable). If you can not afford treatment, discharge from H.O.P.E. Recovery's Transitional Housing Program may be the only option.

Along with the above, if you violate any of the residency guidelines, you may be discharged from H.O.P.E. Recovery's Transitional Housing Program. If you are discharged due to violation of these guidelines, any monies paid will be forfeited.
